OBJECTIVE

To Have A Challenging Career with Responsibilities To Expertise And Contribute To The Growth And Development Of The Concern And Also To I Contribute For Family

EDUCATION

MBA System Management	Alagappa University	Expected 2024
BE Mechanical Engineering |Anna University	2017 – 2021
HSC	State Board	2016 – 2017
SSLC	State Board	2014- 2015

SKILS

Java
- Proficient in Java programming language with strong understanding of object-oriented principles and design patterns
- Experience in developing scalable and high-performance applications using Java frameworks such as Spring Boot and Hibernate.
- Skilled in multithreading, concurrency, and parallel programming in Java to optimize application performance.
- Experience with build tools such as Maven for project management and dependency management in Java projects
- Excellent problem-solving skills and ability to troubleshoot and debug Java applications efficiently

Python
- Strong understanding of object-oriented programming (OOP) concepts and design patterns in Python.
- Skilled in data analysis and manipulation using libraries like Pandas, NumPy
- Excellent problem-solving skills and ability to troubleshoot and debug python applications efficiently

Sql
- Proficient in SQL programming for database management, including querying, data manipulation and Optimization Techniques
- Experience with relational database management systems (RDBMS) such as MySQL server
- Strong understanding of database design principles, normalization, and indexing for efficient data storage and retrieval

Html
- Proficient in HTML5 markup for structuring web content and creating semantic layouts.
- Experienced in building responsive web designs using HTML5 and CSS3, ensuring compatibility across various devices.
- Familiar with HTML frameworks like Bootstrap, adept at utilizing them for efficient front-end development.

CSS
- Strong proficiency in CSS3 for styling and formatting web pages, ensuring visual consistency and aesthetic appeal.
- Experience in creating responsive designs using CSS media queries and flexbox/grid layouts for optimal viewing on different devices.

JavaScript
- Skilled in asynchronous programming, utilizing Promises and a sync/await for efficient handling of asynchronous operations
- Strong understanding of Event Handling And DOMS

DESIGN SKILS
- .AutoCAD
- Photoshop

SOFT SKILLS
- Leadership
- Listening Skills
- Time Management
